### **A Terrific Summer Get-Away Right in Your Neighborhood**

Children all want the same thing out of summer: non-stop fun. So give it to them, in a safe, nurturing environment where the more fun they have, the more they learn. Brushy Creek Montessori School offers an exciting summer camp program exclusively for school age children.

Our program is based on a series of themes that are interesting to young minds. Our children will participate in themed activities, including exciting field trips, music and art appreciation, swimming, cooking and science experiments. But importantly, their days at Brushy Creek will be filled with fun!

Summer Fun Day Camp is open from 7:00 a.m. to 6:30 p.m. Monday through Friday offering a two part platform: morning camp and afternoon camp.

*Brushy Creek Montessori School*

## Something Smells Great!

Each day, Campers explore a different area of Culinary Arts in our very own state-of-the-art kitchen. Campers get a big taste of creativity and expression exploring food, health, cooking, and nutrition. Your child will learn how to measure ingredients, experiment with new recipes, and cook up something special, in addition Campers will also have the opportunity to plan and publish their very own cookbook.

### SESSION 1

*June 8- June 19 (two weeks)*

#### **SAVE OUR PLANET! –**

Not only will we be learning about the cause and effect of climate change on our planet, but we will also discover ways to be more environmentally friendly. Projects include constructing bird houses and wind chimes. Field trips to West Cave Preserves, Mount Bonnell and various nature hikes.

### SESSION 2

*June 22- July 3 (two weeks)*

#### **BROADWAY HERE WE COME! –**

Children will take field trips to local arts organization to see plays, rehearsals, and interact with real Fine Art Professionals such as opera singers and ballet dancers. Your children will also star in and produce their own production! Lights! Camera! Action!

### SESSION 3

*July 6- July 17 (two weeks)*

#### **INVENTING IMAGINATION! -**

Get ready for fizz, bubbles and flash as your children will perform safe science experiences and invent inventions to solve problems of today and tomorrow. Field trips include a trip to the Children's Museum to learn engineering and building structure and a presentation by Mad Science.

### SESSION 4

*July 20 – July 31 (two week)*

#### **GREAT AMERICAN HEROES! –**

In this theme, we introduce hard working heroes in our community that make a real difference in our lives. We will learn the important duties of our local firefighters, police officers and soldiers. Get ready to interview a soldier at Camp Mabry.

### SESSION 5

*August 3- August 14*

#### **LET THE GAMES BEGIN! –**

Sharpen your blades; we're heading to Chapparral Ice for a chance to cool down because everything is cooler on ice. Bowling, Rock climbing, Golf and Swimming will be the focus of this physical activity theme. Let's get out there and have some fun!
